

April 11-15, 2011
@ Roundhouse
Community Centre
181 Roundhouse Mews
(in Yaletown)

International Film Festival for Youth

During Reel Focus, classes in grades 4-7 attend a film program and a workshop. The day starts at 9:45am and ends at 1:00pm. Classes attending the 10:00am screening will participate in a workshop at 11:45am, or vice versa. There is a half-hour snack break in between the film program and the workshop. Classes are welcome to eat lunch at the Roundhouse after the day is complete or during the break (there is an outdoor courtyard, weather permitting). For some screenings we expect to have filmmakers in attendance to facilitate a brief Q&A session following the films. Local film professionals teach our workshops. In our efforts to improve our program, we welcome feedback. We also encourage teachers to make use of the film study guide we provide. All Reel Focus film screenings and workshops take place at the Roundhouse Community Arts & Recreation Centre (in Yaletown).

workshop + a film program = reel focus

STORYBOARDING The ability to draw is not required for this workshop! Using digital cameras, students will create photographic storyboards and learn how to organize ideas for a film.

DIGITAL FILMMAKING Working in small groups, students will learn the functions of a digital video camera and make a short film.

CUT-OUT ANIMATION Students will use a variety of pre-fashioned and cut-out materials to create characters and sets. Using video capture techniques and a basic animation station, they will be taken through the steps of creating a short story.

PIXILATION In this workshop, students will animate themselves! Choreographed by the instructor, the class will glide across the floor, fly through the air, and suddenly disappear. This workshop is a great introduction to special effects.

HANDMADE FILM Using 16mm film, students will etch and draw on real celluloid to create a short work. At the end of the workshop students will get to see their work projected. This workshop explores the art and history of cinema.

CLAYMATION Using stop-motion animation, students will shape characters with plasticine, and create a short animated film.

Film programs
are listed on
the back

Reel Focus Registration is easy!

1. Choose a day and film program (listed on the back) and one workshop (above). We recommend you have a second choice, just in case the program or workshop you are interested in is full.
2. **Contact our Festival Coordinator at education@r2rfestival.org to register your class.** We prefer email registration, but you may leave a phone message at 604-224-6162. Due to the popularity of the Reel Focus program all reservations are on a first-come, first-served basis. To ensure fairness, we will respond to reservations in the order in which we receive them.
3. We accept payment by cheque or credit card (additional fees applied). The cost is \$145.00 for 25-30 students, or \$135.00 for 24 students or less. Payment must be completed prior to the festival. Please note that refunds will not be issued if the number of students changes. For film descriptions, please visit us at: r2rfestival.org

Monday, April 11, 2011 OUR WORLD Themes: cultural identity and traditions, and environmental responsibility.
